

PAPER BAG BEAVER PUPPET:

Materials: One paper bag, white paper, brown paper, child safe scissors, black marker or crayon, glue stick, damp cloth for sticky fingers.

Step 1: Have your child draw two eyes using the black marker or crayons on white paper. Help your child to cut them out.

Step 2: Help your child cut out a rectangle for the beaver teeth from the white paper.

Step 3: Help your child cut out four ovals from the brown paper for the beaver's paws and one large oval for the beaver's tail.

Step 4: With the fold of the paper bag facing you have your child glue the two eyes to the fold.

Step 5: Have your child draw a black nose under the eyes on the fold of the paper bag.

Step 5: Have your child glue the white teeth attached to the fold underneath it.

Step 6: Have your child glue the beaver's oval paws to the sides of the paper bag.

Step 7: Have your child glue the beaver's tale to the back of the paper bag hanging down past the opening of the bag.

Step 8: Let it dry then use it as a puppet.
