

# Easy Moose Craft

As you can see from the picture, this Moose is easy to make. Use colored card stock and trace your hand and cut out for the antlers. You will need two.

Glue “googly eyes” from the Dollar Store onto a brown oval (or color in white card stock with markers or crayon) and use a black marker to make the nose holes in a brown cardboard circle.

use paste or glue sticks, maybe put small Canada Flags on the antlers and use on Canada Day,

Easy Peasy to make
