**NEW DECOMPRESSION TABLE RELIEVES PAIN**  
 Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.  
 The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.  
 Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

**NEW SONG TELLS OF COMMUNITY NEED**

Janet Bickerton, a long time community volunteer, wrote a compelling song about the dire need for help in the CBRM.

This song, "Can't You Help Me", is telling two stories. The repeated plea for help that seems to fall on deaf ears even though those in dire need are standing right in front of us. It speaks to our inability to see ourselves in others.. the ways we put distance between us.

And the story of those on the ground, trying to help - coming up against the fear and apathy of the system and sometimes our own neighbors. It asks us to reach for the best in us - that we have what it takes - [www.allycentreofcapebreton.com](http://www.allycentreofcapebreton.com)

It was released March 13, 2024

The song also features many Cape breton music performers - Vocal/Guitar: Janet Bickerton, Piano: Marcel Aucoin, Drums: Ron Leadbeater, Electric Guitar, Bass: Doug Johnson and Acoustic Guitar: Fred Lavery.

Logon to [www.kleeradio.com](http://www.kleeradio.com) to pick up your own copy of the song.

Have you ever watched a movie and afterwards thought 'what the hell was that'? "Nefarious" stars Jordan Belfi and Sean Patrick Flanery ("Boondock Saints") and tells the tale of a death row inmate, and the psychiatrist who is hired to prove that Flanery is sane so that he can be executed-as Flanery claims to be possessed by an ancient demon. Full disclosure; this movie was made by Believe Entertainment, a group that releases faith-based films that are not overly preachy-yet do promote Christian values. According to the film's co-director (Cary Soloman) the film had a troubled production. Soloman, a Catholic, said that many of the film's production issues were the results of demonic manifestations which included 8 car crashes, equipment and electrical failure, frequent fire alarms, and faulty cameras. A Catholic priest was present on set while the film was shooting and performed an exorcism on the film's set during production. Without getting bogged down in dogma the conversations between the 2 main actors is riveting, and Flanery's perfor-

mance is incredible. What follows is a historical debate of good vs evil and the origins of Satan, with many paradoxes and enigmas that would jar almost any person's beliefs, leaving more questions than answers. Even if a person doesn't consider themselves a 'religious' person, an atheist or agnostic the historical debate presented here is fascinating. There's a bit of a twist ending to the story-which only adds more to the mystique of this film. Michael John Petty (Collider website) said "it isn't perfect, but a great step for faith-based films" stating "Nefarious" rises above the general cliches associated with faith-based productions and stands out as something increasingly more interesting than its religious contemporaries." I totally agree.

**SIGNS OF THE TIMES**

If you're like me, you are practicing your slalom driving and dodging the many pot holes even on the Bypass. This sign caught my attention and I thought I'd share it with you for a smile.

**ANNUAL LEAD AND COPPER SAMPLING  
PROGRAM FOR RESIDENTIAL TAP WATER**

If you ever wondered about your tap water, now there is something you can do about it. The CBRM Water Utility is seeking volunteers for the annual lead and copper sampling program for residential tap water. The program is for customers of the CBRM Water Utility, not for those whose water source is a well.

The Water Utility routinely monitors water quality within distribution systems. In 2020, Nova Scotia Environment introduced additional sampling requirements for lead and copper within customers' homes.

This sampling program will be provided free of charge to a limited number of customers in each CBRM distribution system (Sydney, Glace Bay, Northside, New Waterford, Louisbourg, Floral Heights and Centreville).

Participants will be registered on a first come first serve basis until the program goals are met. The program occurs every year. Customers can sign up online: <https://www.cbrm.ns.ca/water-utility>

This water sampling will determine if lead and copper are present in customers' tap water and a results letter will be provided. Although lead and copper can occur naturally in the environment, a main source in drinking water is through leaching of plumbing materials such as pipes, solder, faucets, and fittings. While copper is an acceptable material for use in plumbing, lead is no longer an acceptable building material.

**TAX TIPS & VALUABLE DEDUCTIONS****Attendant Care Expenses Paid  
to a Retirement Home**

For seniors who are eligible to claim the disability amount, attendant care expenses paid to a retirement home may be claimed as a medical expense.

To claim this amount, a receipt must be provided from the retirement home, detailing the amount paid for attendant care. Eligible attendant care costs would include the salaries and wages of employees of the retirement home who provide the services of meal preparation, health care, housekeeping for the resident's individual living space, laundry service for the resident's personal laundry, transportation services, and security in secured units.

Rent expense and food costs cannot be included as medical expenses. If the above mentioned attendant care expenses are provided by the retirement home, but not invoiced separately, the home should be asked to provide a receipt which details the portion of the total payment which would reasonably apply as attendant care.

Please see the attendant care expenses article for information on how the attendant care expenses can be deducted, as the taxpayer has a choice in how it is done.

If a previous tax return has already been filed without this expense claimed, or you would like to request a reassessment for a prior year, see the article on changing your tax return.

If attendant care costs are paid to an individual, your receipt must include their social insurance number. The individual will either be a self-employed contractor, or your employee. If the individual is an employee, you will be required to deduct from their pay and remit income tax, CPP contributions, and EI premiums. You will also have to pay the employer portion of CPP contributions and EI premiums, which would be part of your total attendant care costs. The amounts that you pay to an employee are subject to the rules for minimum wages rates and other employment standards for your province or territory.

book “Cape Breton Outhouse  
Tales & Trivia”.

### TAKING FIRST PRIZE

Cape Breton is known for its musical talent and many festivals and concerts abound in the Summer. Celtic Colours hosts artists from all over the world every Fall for 8 days.

This story is about a much smaller music festival in Iona. It is held each year to help foster the growth of new musical talent.

My uncle Dave and his friends had a quartet that they called "The Derry Aires" and sang celtic songs. I never thought of the name or its French connotations back then.

They all piled in the car on a Sunday afternoon and headed for Iona, well fortified with Capt. Morgan to help lubricate their throats.

When they arrived home that night, they had a huge trophy sitting in the back seat. They told everybody that they had taken the first prize trophy. Congratulations were handed out all around.

It was only a few years later that I learned they never won anything. I asked him about it and he said, "Well the trophy was just sitting there on the table, so we took it!" Ask a silly question, get a silly answer.

## WEEKLY HOROSCOPE

**Aries (March 21-April 19)** - You might encounter a powerful person today; or perhaps a friend or a member of a group is super persuasive. Either way, you cannot ignore this person. Meanwhile, in another part of the forest, a hidden, passionate romance is taking place for some of you. (An interesting day.)

**Taurus (April 20-May 20)** - Your encounter with bosses, parents and authority figures might be overwhelming today. You have strong feelings about certain issues and so do they. In fact, you might be obsessed about something. Possibly, your involvement with a friend or a member of a group will soften things.

**Gemini (May 21-June 20)** - Be careful not to get carried away by your beliefs about a particular issue. Although, of course, you embrace your beliefs, beware of being dogmatic and obsessed. Be open enough to see all sides of a question, especially when you are sympathetic to a particular person in authority.

**Cancer (June 21-July 22)** - Today your idealism is aroused along with your appreciation of beauty. This will encourage strong feelings within you that could make you passionate about something. Be wise about how you use that influence over others.

**Leo (July 23-Aug. 22)** - Keep your pockets open because gifts, goodies and favours from others might come your way today. In addition to which, you might also feel passionate about a personal relationship to the point that you are blinded to seeing anything else. (Romance can do this.)

**Virgo (Aug. 23-Sept. 22)** - Today you might have strong feelings about wanting to introduce improvements or reforms to your job or even your health. Your admiration for someone close to you (a spouse, partner or friend) might attract this person to help you do what you want to do.

**Libra (Sept. 23-Oct. 22)** - A work-related romance is likely at this time. Because you have such passionate feelings, you might be blinded about seeing the right course of action. Because ex-partners and old friends are back on the scene, this might also confuse you. It's a tricky day!

**Scorpio (Oct. 23-Nov. 21)** - This is a romantic day for lovers and people who are attracted to each other. You won't mind the glitches and errors that dog your steps at work today. However, a female relative might have strong feelings about certain issues. Sometimes it's hard to get everyone on side.

**Sagittarius (Nov. 22-Dec. 21)** - You often champion justice, especially for animals or the downtrodden, and when you do so, you can be eloquent and convincing! Today is one of those days. Close family ties might help you bring about the changes that you want to see happen.

**Capricorn (Dec. 22-Jan. 19)** - Be careful shopping today because you might be obsessed about buying something, which is not an ideal way to spend your money. However, feelings of sympathy and affection for someone or a particular area might overwhelm you today. Keep this in mind.

**Aquarius (Jan. 20-Feb. 18)** - You are passionate and emotional today. Be aware of this so that you can temper what you say with reason. Think twice before spending money on beautiful things or being generous to others because you don't want to do anything that you will later regret.

**Pisces (Feb. 19-March 20)** - People find you charming and charismatic today. Nevertheless, with Mars in your sign, you're also bold and confident. You are powerful because you will be able to persuade others because they admire you. Use this power wisely with compassion for others.
