**NEW DECOMPRESSION TABLE RELIEVES PAIN**

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

## SIGNED JERSEY WINNER

We are delighted to announce that we have finally managed to assemble everyone for a photo to showcase the winner of the Drake Batherson signed jersey.

Blake Aucoin was thrilled to receive the signed jersey in time for Christmas, and the Sydney Mines & Area Food Bank, Souls Harbour Rescue Mission, NS, and the North Sydney Food Bank were pleased to receive their share of the proceeds raised through ticket sales.

We would like to express our sincere appreciation to New Deal, David Julian Sr., and his team for their dedication to our community. Special thanks are also due to Lloyd MacDonald for facilitating the jersey signing, Drake Batherson for graciously signing the jersey on our behalf, and to everyone who assisted in selling tickets. Your efforts are greatly valued. Please look out for our next draw, scheduled to take place near Christmas this year, as we have another exciting initiative planned. **Take 2**  
**PAUL POWER**

I'm going to start off with something that most people don't know: Lady Gaga performed in 2008 at Alderney Landing in Dartmouth, as part of the Summer Rush concert series. Her song 'Just Dance' had just been released, but after 9 hours under the hot summer sun we decided to leave before the last 2 acts were to perform-her and then Nelly (not a fan of him) but looking back we kick ourselves everyday-not knowing just how big she would become or how great she is. So this is Lady Gaga's sixth solo studio album, **'Mayhem'**, and with that she is in an interesting place; she's 38, which is 'old' for the pop music world. The band named 'Pop Will Eat Itself' sums it all up with their moniker. And Taylor Swift is 35 (to me the most over-rated musician next to Beyonce). But I'm happy to say that there are songs here that are some of

the best Lady has ever written and recorded. 'Abracadabra' is an amazing song that shines a spotlight on Lady Gaga at her best; 'LoveDrug', 'Don't Call Tonight' and 'Shadow Of A Man' are stellar tracks. I've heard rumours that Taylor Swift was involved on the song 'How Bad Do U Want Me' (it does subtly sample Yaz's 'Only You') but they have been denied. Lady Gaga proved her talent even moreso by doing 2 albums with Tony Bennett and that quality is so evident here on the epic track 'Blade Of Grass'. The album closes out with Lady's duet with Bruno Mars on 'Die With A Smile', and it's pure sonic gold; the music video is one of the best I've seen in years. All in all, this is a fantastic album.

If you're like me, you are always looking for ways to save or stretch your money. This is one offer I can personally vouch for. You can't get much better than FREE.

This organization offers a free software program that does everything Microsoft Office does. It is a group of volunteers who create "open source" programs and make them available to the public.

Apache OpenOffice is the leading open-source office software suite for word processing, spreadsheets, presentations, graphics, databases and more. It is available in many languages and works on all common computers. It stores all your data in an international open standard format and can also read and write files from other common office software packages. It can be downloaded and used completely free of charge for any purpose.

Apache OpenOffice can be downloaded and used entirely free of any license fees. Like all Apache Software Foundation software, Apache OpenOffice is free to use. Apache OpenOffice is released under the Apache 2.0 License. This means you may use it for any purpose - domestic, commercial, educational, public administration. You may install it on as many computers as you like. You may make copies and give them away to family, friends, students, employees - anyone you like.

I use this program here at **Northside This Week** and have been using it for years, it works fine. Logon to the link below and download your free copy today - [www.openoffice.org](http://www.openoffice.org).

If you would like to send out Birthday Greetings to a family member or friend, simply email us with the information and we'll publish it free of charge [thistweek@kleeradio.com](mailto:thistweek@kleeradio.com)

**IF YOU ARE FILING FOR A SENIOR**

**SPLIT PENSION INCOME** - Seniors are allowed to split up to half of their eligible pension income with a spouse or common-law partner, so they can assign a portion of what they earned throughout the year to their better half. This can mean a significant tax reduction when one spouse has very little income, and the other has a lot. Another way to reduce taxes is through transfer amounts. If one parent is unable to completely offset their age amount, pension income and disability amount against their taxes payable, they can transfer the unused portion to their spouse's return.

**CLAIM MEDICAL EXPENSES** - A portion of most medical bbbbbexpenses can be claimed! If your parent is part of a couple and the spouse with the lower income owes any tax, it usually makes the most sense for that person to claim them. Are your parents globetrotters? If they travelled to another country and purchased medical insurance for the trip, it's considered a medical expense. If they traveled to obtain medical treatment that wasn't available where they live, they might be able to claim the cost of transportation, meals and accommodation, depending on how far they needed to go.

**CLAIM THE CAREGIVER AMOUNT** - If your parent (or parents) are dependent on you by reason of mental or physical infirmity you may be eligible to claim the Canada caregiver amount. You will need a note from their doctor describing their condition. The Canada caregiver amount is worth \$6,986 less their net income in excess of \$16,405. This means that the amount is reduced to zero if their income is in excess of \$23,391.

**CLAIM THE COST OF ATTENDANT CARE** - If a senior is living in a retirement home and is eligible for the Disability Tax Credit, they can claim the costs relating to attendant care as medical expense. To make this claim, the retirement home must provide you with an invoice detailing the amount paid for attendant care, which includes housekeeping, laundry, transportation and meal preparation. Rent and food expenses are not covered.

## Free Old Time Radio Show Download

This week we feature a very popular comedy show that many Cape Bretoners will remember. This show was broadcast on January 18th, 1944.

Fibber McGee and Molly was a radio show that played a major role in determining the full form of what became classic, old-time radio. The series was a pinnacle of American popular culture from its 1935 premiere until its demise in 1959.

One of the longest-running comedies in the history of classic radio in the United States, Fibber McGee and Molly has stood the test of time in many ways, transcending the actual or alleged limitations of its medium, form and concurrent culture.
