NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

Take 2
PAUL POWER

Last week I wrote about Sean Kelly's book on Hair Metal and here's another book of his: Sean is a guitarist who fronts his own band-Crash Kelly and worked with Alice Cooper, Nelly Furtado, Helix and Gilby Clarke to name just a few. His book, "Metal on Ice: Tales from Canada's Hard Rock and Heavy Metal Heroes" details living the 'rock and roll fantasy', with interesting interviews with a number of Canadian musicians who were key players in the hard rock scene during the 1980's and early 1990's; from dingy dives and hockey rinks-from the east coast to the west coast. Sean wrote the following while he was on the Sunset Strip in Hollywood; "The road to Canadian musical glory is not lined with the palm trees of this fabled strip or the top down convertibles I am watching pass by. It is a road slick with black ice, obscured by blizzards and littered with moose and deer that could cause peril for a band strung out from too little sleep and too much excess as they thunder along the Trans-Canada Highway in a cube van." There are nods to small towns in Northwestern Ontario that I was

familiar with like Wawa, North Bay, Kapuskasing, Geraldton, etc. and to Canadian bands such as Sven Gali, Sword, Slik Toxik, Anvil, Voivod, Helix, Harem Scarem, Honeymoon Suite, and more. Most dreamed of getting that big record deal and making it big in the U.S., but that very record deal worked against them as they saw their dreams go 'south of the border' in a different way. The book mentions how Lee Aaron made it big in Europe long before even being considered a serious artist in Canada; how Anvil got screwed over by record labels, and how the whole Grunge movement at first decimated hard rock and metal. This excellent book is written for hard rock fans-by a hard rock musician.

LAST MINUTE TAX TIPS

Mark these dates in your calendar so you don't miss any deadlines: **APRIL 30, 2025** – Deadline for most individuals to file their tax return and pay any taxes owed.

JUNE 15, 2025 – Deadline to file your tax return if you, or your spouse or common-law partner, are self-employed. Since this date falls on a Sunday, we will consider your tax return filed on time if we receive it on or before June 16, 2025. If you owe money, you will still need to pay by April 30, 2025, to avoid interest.

Before doing your taxes, find any deductions, credits, and expenses you may be able to claim to help reduce the amount of tax you have to pay. If you have a balance owing, there are many different payment methods available to you, including online options. Even if you can't pay your entire tax debt right away, filing by the deadline is important to prevent any disruptions to your benefits and credits and to avoid penalties.

SIGN UP FOR DIRECT DEPOSIT - Before filing your tax return, you should sign up for direct deposit. By doing so, you'll receive any tax refund or benefit and credit payments faster and securely, directly into your bank account.

If you combine online filing with direct deposit, you could get any refund you're owed in as little as eight business days. Paper returns aren't as fast, and it could take up to eight weeks to process them.

FILE YOUR TAX RETURN ONLINE: IT'S FAST, EASY, AND SECURE - Online filing is simple and offers many benefits, such as receiving your refund quicker, not having to mail anything, and being able to change your tax return online, if needed. You will also be able to access your notice of assessment (NOA) as soon as the CRA has received and processed your tax return. To view your NOA in your tax software, you need to be registered for a CRA account.

MAKE SURE TO REPORT ALL YOUR INCOME - You may not see certain 2024 tax slips, such as the T3 (trust income), T4 (remuneration paid), T4A (pension and other income) and T5 (investment income), in My Account or through the Auto-fill my Return service as early as in previous years.

However, you are still able to file your information, by entering information from the slip(s) you received from the issuer (for example, your employer or financial institution) on your tax return. When you file your tax return, make sure that all income earned during the 2024 tax year is reported. If you forgot to include information or made a mistake on your tax return, it can be adjusted!

Once you receive your notice of assessment, you can submit an online request to change your tax return. Submit your request using Change my Return in My Account or ReFILE for faster service!

WEEKLY SMILE

A fellow comes home after his regular Saturday golf game and his wife asks why he doesn't include Tom O'Brien in the games anymore.

The husband asks, "Would you want to play with a guy who regularly cheats, swears up a storm over everything, lies about his score, and has nothing good to say about anyone else on the course?" "Of course I wouldn't," replies the wife.

"Well," says the husband, "neither would Tom O'Brien."
