NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

793 Mahon St., New Waterford - 862-9444 224 Commercial St. North Sydney - 241-9444

Take 2
PAUL POWER

It's a fact that some people are downright despicable, beyond decency, the lowest of the low. One such person is Amanda Riley-an American churchgoing mother and wife who, starting in 2012, faked having cancer for over 8 years and used her blog, social media and selfies to fraudulently raise over one hundred thousand dollars for 'treatments'. She conned friends, her church and thousands of people online by falsified medical records, bills and photos. It's all here in the 4 part true crime documentary 'Scamanda'. All the while she presented an air of wholesomeness and charm that no one would ever dare question- or would they? In June of 2015 investigative journalist Nancy Moscatiello received an anonymous tip about Riley (from a former friend of Riley's who was scammed by her). Nancy contacted several hospitals, presented evidence and questions; they all said the information didn't make sense. After speaking to many other people off the record (Nancy even said

that when one questions a person's medical crisis you better have your facts straight). Nancy eventually contacted the Internal Revenue Service and finally in July of 2020 the IRS charged Riley with wire fraud. 349 individuals and groups were defrauded. Her now divorced husband was not charged with anything. Amanda Riley was sentenced to 5 years in prison and ordered to pay restitution. Her BS didn't stop there; she was transported to a hospital ER 24 times during her first 18 months in prison. She was eventually called out for manipulating the medical test results by holding her breath, etc. This is Wednesday, the day before the last episode will air, and even though we know the outcome this series is a mind-boggling glance at a true sociopath.

ADVICE MY MOTHER GAVE ME

We all have memories of the "words of wisdom" our Mothers gave to us - here are some of the most memorable - how many can you remember?

- 1 - Money doesn't grow on trees
 - 2 - If your friends jump off a bridge do you have to?
 - 3 - Clean your plate - there are starving children in China
 - 4 - Don't sit too close to the TV, it's bad for your eyes.
 - 5 - Close the door! - were you born on a raft?
 - 6 - Don't make me come up there!
 - 7 - Because I said so, that's why!
 - 8 - Wait till your Father gets home!
 - 9 - Don't cross your eyes, they'll stay like that.
 - 10 - Don't swallow your gum it'll stick to your stomach
 - 11 - Go Play outside, for the love of God
-and finally the one we all remember..**

GENERAL 2024 TAX DEDUCTIONS

Below are some tax deductions that H&R Block's Tax Experts can help you maximize your return this year:

CHILDCARE EXPENSES - If your child is under the age of 16 years old, you may be able to claim a deduction. Childcare expenses include daycare centres, summer camps, overnight boarding schools, and caregivers such as nannies. Generally, childcare expenses must be deducted by the spouse with the lower income.

SPOUSAL & CHILD SUPPORT PAYMENTS - Support payments sent to a former spouse and/or children can have a noticeable impact on your tax bill. Tax rules will vary depending on the type: spousal or child support.

STUDENT LOAN INTEREST - If you or your child is studying at a post-secondary institution, you can deduct the interest paid on a student loan if you received the loan under the Canada Student Loans Act, Canada Student Financial Assistance Act, Apprentice Loans Act, or similar laws in your province or territory. This deduction does not apply to something like a personal loan or line of credit. Apply this deduction if you owe taxes. Otherwise, it's better to carry it forward. Interest can be carried forward and applied to any tax return for the next five years. That said, as a student, you can also claim other education-related costs up to your maximum credit amount.

MAXIMIZE YOUR RRSP CONTRIBUTIONS - Your RRSP contribution limit is 18% of your earned income from the last tax year, plus any unused amounts from previous years. Check out your latest notice of assessment or log into your CRA My Account to find out what your RRSP contribution limit is. It's a good idea to maximize your RRSP contribution in any way you can. You can even transfer TFSA interest gains (which are tax-free) to bump up your RRSP contribution. If you don't currently contribute to an RRSP (Registered Retirement Savings Plan), it's not too late to benefit from a significant tax deduction for the 2023 tax year. You have until February 29, 2024 to contribute and receive tax slips for the current tax year. Use Wealthsimple's free RRSP and TFSA calculators for more insights on how you can maximize your savings and verify you don't go over your annual contribution limits.

PROPERTY TAXES (OWNERS) & RENTAL PAYMENTS (TENANTS) - Landlords can use Form T776 to claim property taxes for the period in which a rental property was available for rent. Employed and self-employed tenants can claim partial rent payments as a home office expense if they use their home for employment or business purposes.

WEEKLY SMILE

A little silver-haired lady calls her neighbor and says, "Please come over here and help me. I have a killer jigsaw puzzle, and I can't figure out how to get started."

Her neighbor asks, "What is it supposed to be when it's finished?"

The little silver haired lady says, "According to the picture on the box, it's a rooster."

Her neighbor decides to go over and help with the puzzle.

She lets him in and shows him where she has the puzzle spread all over the table.

He studies the pieces for a moment, then looks at the box, then turns to her and says, "First of all, no matter what we do, we're not going to be able to assemble these pieces into anything resembling a rooster." He takes her hand and says, "Secondly, I want you to relax. Let's have a nice cup of tea" and then he said with a deep sigh..... "Let's put all the Corn Flakes back in the box."
