NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces
a new, sophisticated computerized decompression
table that allows the spine to be gently stretched and
relaxed for spinal decompression therapy.

The pattern of alternating pulling and
relaxing creates vacuum-like pressure
which allows disc material that was
herniated or protruded to be pulled
back in the disc over time.

Patients will notice a reduction of their
pain during these treatment sessions. Stop
in today and ask about the new
table and how you can benefit.

Take 2
PAUL POWER

I've written before that I'm a big fan of documentaries, especially ones about music and audio/visual technology. This 2 part documentary came out that detailed what probably was the biggest series of events in music history. 'How Music Got Free' is based on the book written by Stephen Witt and it details how a few music pirates crippled-and then changed the music business forever. It all started back in Germany in 1991 when Karlheinz Brandenburg released the MP3 file; it could re-create a full CD of data at one-twelfth the size. He was told "you've killed the music industry." In the late 1990's some servers offered free access to pirated music MP3's...they did it just for the thrills. This Doc has interviews with the file sharers, musicians and business executives, and shows both sides of the story; how people like 50 Cent and Eminem lost hundreds of thousands of dollars from stolen CD sales and how they couldn't figure out how their master recordings were being pirated.

Eminem tells a funny story of how he had to camouflage his masters when shipping them out. Enter Dell Glover, an employee at a major CD pressing plant in North Carolina. At first Dell was part of the obscure online community known as 'The Scene', describing the efforts of the Rabid Neurosis (RNS) group to illegally share copyrighted material. Eventually Dell had the ability to get his hands on albums in the plant before their official release dates and he leaked hundreds and hundreds of discs. Artists such as Mary J. Blige, Mariah Carey, Eminem, Kanye West and Jay Z had their material distributed online by Glover. But then Glover started pirating movies for profit. There's so much more in this documentary to see that makes it well worth watching.

WEEKLY SMILE

RED SKY AT NIGHT

This next story comes from an old school buddy and he still chuckles about it today. His father was in the Navy during the war and they had two boats at the Summer bungalow, one for fishing and the other one for evening rides.

This particular evening, the man's wife was a little worried about the weather and the Navy vet told her, "Red sky at night, sailor's delight, Red Sky at morning, Sailors take warning." Apparently he picked up this gem of nautical wisdom while in the Navy.

So the sailor, his wife and four children all piled into the boat and he began to row across the lake for their nightly boat ride. Just as he was turning back home, the sky opened up and the rain poured down and soaked the whole crew as nobody had jackets or sweaters.

When they finally got to shore, the man's wife got out of the boat and angrily marched to the bungalow. We kids never said a word when Dad slinked home.

We all got together and drew a picture of the boat, the red sky and left it on the kitchen table. My mother remarked, "Red sky at night, sailor ain't right."

Thank You to all Community Volunteers who work tirelessly to help others.

- TAX TIPS 2026 -

The April 30th deadline for personal taxes is fast approaching, consider these deductions prior to completing your return.

REDUCTION OF THE LOWEST FEDERAL PERSONAL INCOME TAX RATE - (Effective July 1, 2025) - The lowest federal marginal tax rate decreases from 15% to 14% mid-year, benefiting taxpayers in the lowest bracket. If you can choose when to receive certain types of income — such as bonuses, self-employment billings, or RRSP withdrawals — consider timing receipt for after July 1, 2025 to benefit from the reduced tax rate.

AUTOMATIC TAX FILING FOR LOW-INCOME INDIVIDUALS - The CRA is expanding programs that prepare and file returns automatically for eligible low-income Canadians, helping such individuals access benefits that would otherwise be lost due to non-filing. Eligible individuals must accept the invitation, provide consent, or use the simplified filing service.

CPP INCOME SHARING - Couples may share CPP income to reduce combined taxes. If one spouse is in a higher tax bracket, apply to share CPP income — this may reduce overall taxes and preserve income-tested benefits.

RRIF CONVERSION AT AGE 71 - RRSPs must be converted to RRIFs by December 31 of the year you turn 71, with mandatory withdrawals beginning the following year.

OAS benefits are reduced once income exceeds \$93,454 in 2025.

If your income is near the clawback threshold, consider pension splitting, RRSP contributions, or deferring OAS (up to age 70). Ensure the deferral is worthwhile if you may qualify for the GIS.

CANADA WORKER'S BENEFIT (CWB) ENHANCEMENTS - For 2025, the CWB increases to \$1,633 for singles and \$2,813 for families. Phase-in and phase-out thresholds expand, with rates of 27% and 15%, and a new second-earner exemption allows a lower-earning spouse to exclude up to \$14,000 when calculating family net income.

FIRST HOME SAVINGS ACCOUNT (FHSA) - The FHSA allows first-time homebuyers to make tax-deductible contributions toward a new home, with tax-free withdrawals for qualifying purchases. Limits are \$8,000 annually and \$40,000 lifetime.
