*Unlike the conventional methods of rust proofing which tend to work as coating, a KROWN treatment actually displaces moisture and creeps into the inner metal fold of the vehicle - the areas where the most rust problems start. The KROWN formula remains active as an invisible barrier to repel moisture and salt and prevent it from re-entering the metal. The KROWN product can be applied in any season and weather.*

### NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

**Glen Frey – “Above The Clouds”** - It's always an especially sad passing when a legendary, decades-spanning band suffers their first loss of a founding member; that's what happened when the Eagles lost Glen Frey in 2016. Glen Frey and Don Henley WERE the voice of the Eagles; yes, other band members did lead vocals on some amazing songs-but it was Glen and Don that shone the brightest musically, and were known as the voices of the Eagles. After the E a g l e s imploded Glen

Frey went onto a very successful solo career-both critically, and commercially, so losing him was a great loss to the music world. In a touching twist of faith Glen's son Deacon has gone on the road with the Eagles-and he does indeed sound a lot like dear ol' dad.

This is actually a 4-disc set that looks at Glen's musical path with the Eagles and afterwards. Disc number 1 is filled with Glen's biggest hits as a solo artist; songs like “The Heat Is On”, “You Belong To The City”, “Smuggler's Blues” and “Sexy Girl” all set Glen up as a perfect fit for the MTV generation. Surprisingly, most of his hit songs really had no noticeable sonic ties to Eagles

numbers-with the exception of “Part of Me, Part of You” which is pure Eagles. The disc also has a great live medley of “Lyn' Eyes and Take It Easy” from a live concert he did in Dublin, Ireland.

The second disc is a delight, as Glen stretches effortlessly into cover songs-with “Route 66” and the jazzy and sultry “Sentimental Reasons” and

“After Hours” being the shining gems that allowed Glen to find a new home in the old standards, and he also totally rock out on “Better In The USA”. The third disc is also a musical treasure as it captures some of the early works of Glen and friend JD Souther's 1969 band Longbranch/

Pennywhistle. This is a rare release-and you can definitely hear hints of what would become the Eagles as Frey and Souther laid the groundwork for what would become the country rock movement. The songs are really good, and are numbers most people have not heard before.

The fourth disc is actually a DVD of Glen's amazing concert on September 15<sup>th</sup>, 1992 in Dublin, Ireland; Glen and the band were in top form as they had the crowd in the palm of their hands, doing a mix of Glen's own songs and Eagles numbers-closing off the show with the Eagles song “Desperado”. This collection is a very fitting tribute to a pioneer of country rock, and rock music.
